

TiniTribe

How to Login — Step-by-Step Tutorial

tinitribe.manus.space

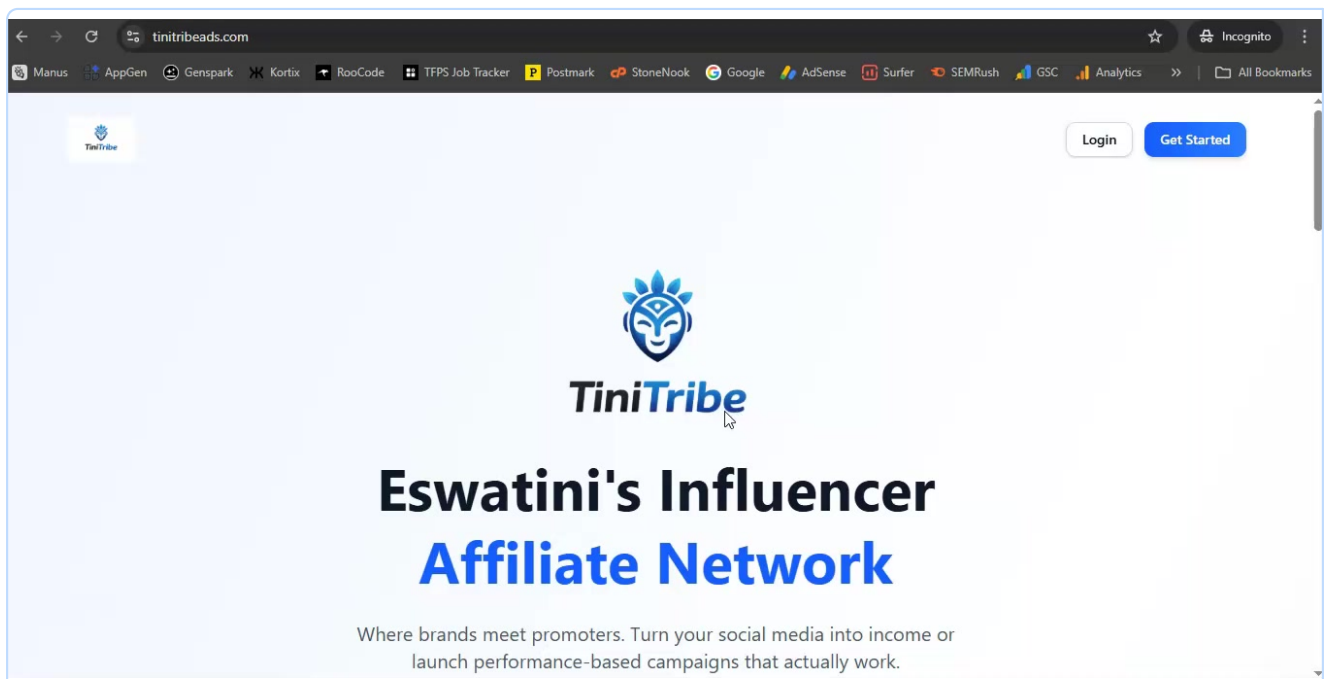

This tutorial walks you through the complete process of logging in to **TiniTribe** — Eswatini's premier Influencer Affiliate Network, where brands meet promoters. Follow each numbered step below, using the accompanying screenshots as a visual guide.

What you'll need

A web browser (Chrome recommended) • A Google, Microsoft, Apple, or Facebook account • An existing TiniTribe account (*or register first*)

1 Open the TiniTribe Website

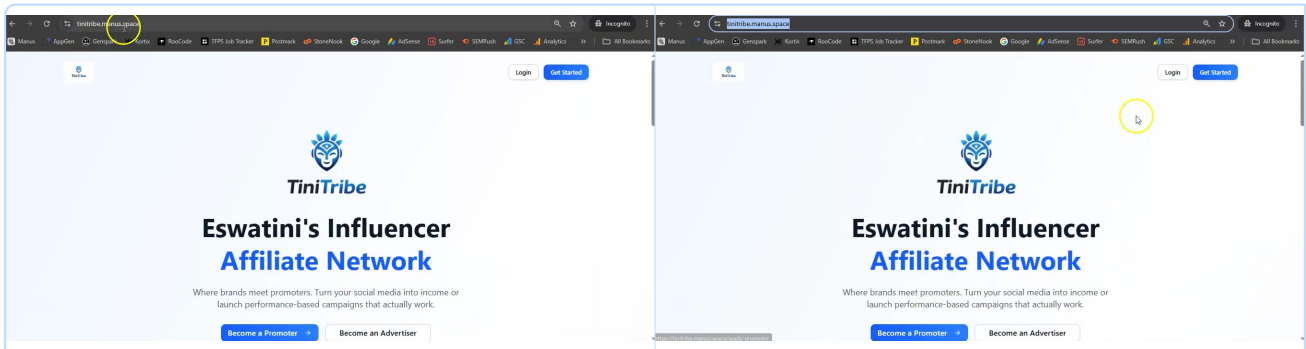

Open your web browser and go to **tinitribeads.com** or **tinitribe.manus.space**. You will land on the TiniTribe homepage, which displays the headline '*Eswatini's Influencer Affiliate Network*'. In the top-right corner you will see two buttons: **Login** and **Get Started**.

2 Navigate to the Login Page

Click the **Login** button located in the top-right corner of the homepage. The browser address bar will update to **tinitribe.manus.space/login**. If you already have the direct URL, you can type it straight into the address bar and press Enter.

■ *Tip: You can also reach the login page by clicking 'Get Started' and then choosing 'Already have an account? Login'.*

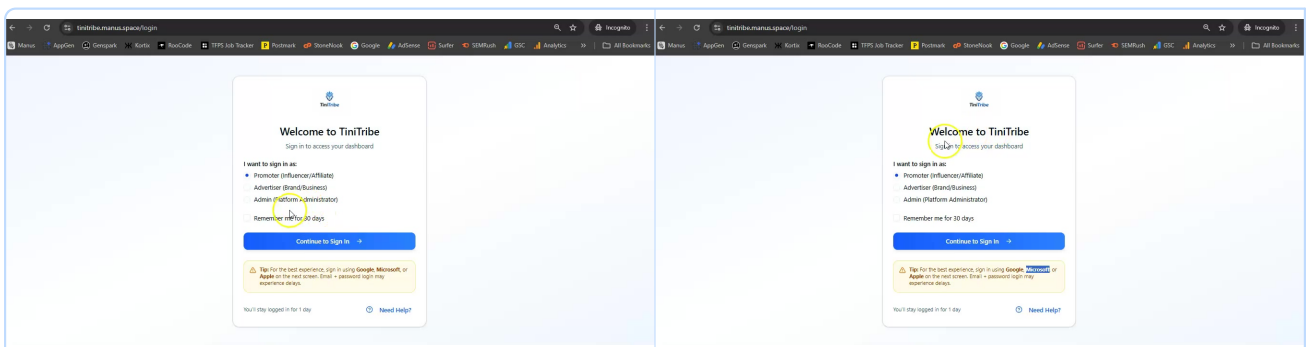

3 Choose Your Account Type

The **Welcome to TiniTribe** screen appears with the prompt *'I want to sign in as:'*. Select the role that applies to you:

- **Promoter (Influencer/Affiliate)** — if you are a content creator or promoter
- **Advertiser (Brand/Business)** — if you are running campaigns
- **Admin (Platform Administrator)** — for platform admins only

You may also tick **Remember me for 30 days** to stay logged in. Once you have selected your role, click the blue **Continue to Sign In** button.

■ *Tip: For the best experience, TiniTribe recommends signing in with Google, Microsoft, or Apple on the next screen.*

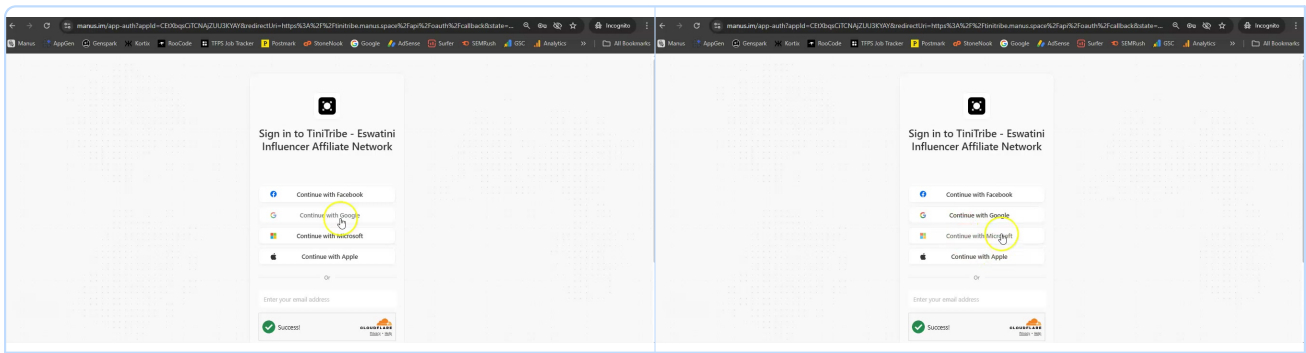

4 Select a Sign-In Method

A sign-in screen titled 'Sign in to TiniTribе – Eswatini Influencer Affiliate Network' is displayed. You have five options:

- **Continue with Facebook**
- **Continue with Google** (recommended)
- **Continue with Microsoft**
- **Continue with Apple**
- Enter your **email address** directly

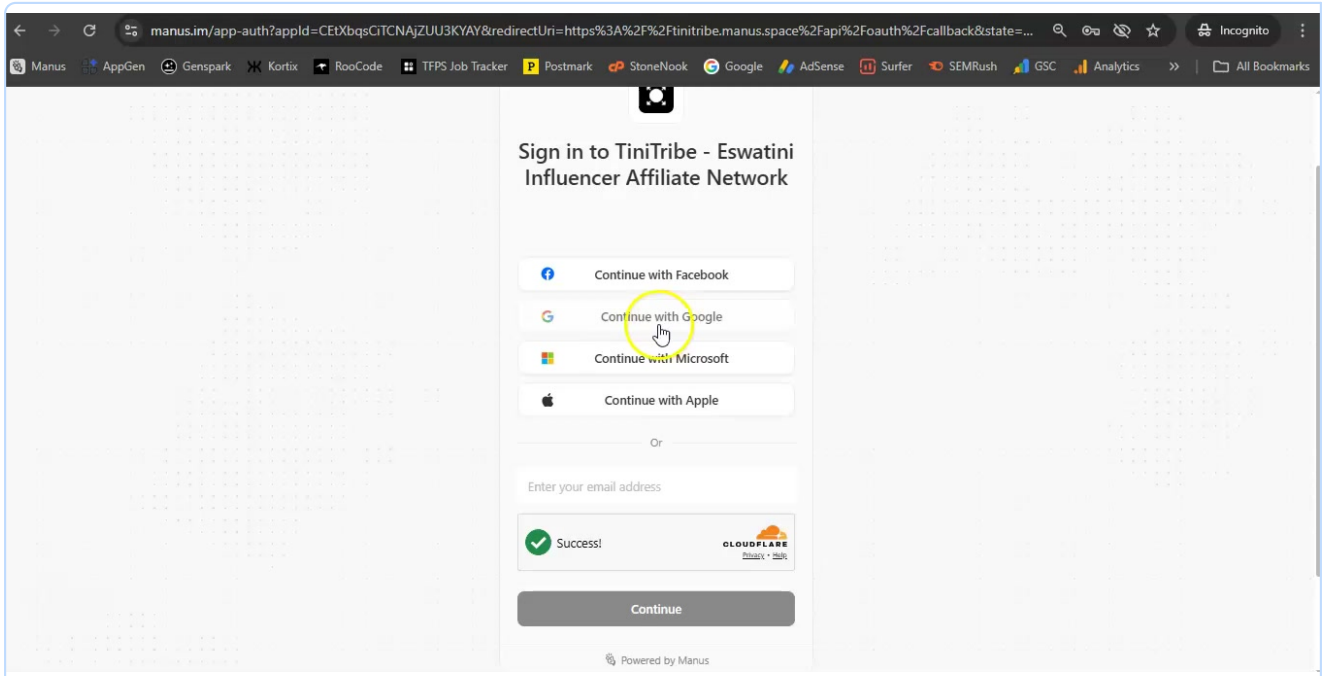

Click your preferred option. In this tutorial, **Continue with Google** is selected.

■ *Tip: Social sign-in (Google / Microsoft / Apple) is faster and avoids password delays.*

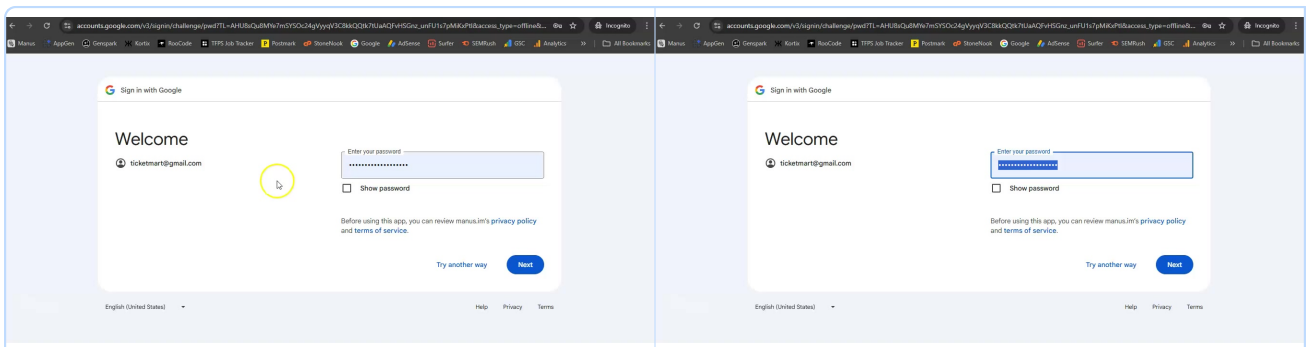

5 Complete the Security Check

A Cloudflare security check appears at the bottom of the sign-in card. Wait a moment — it will automatically verify you and display a green **'Success!'** badge. Once the **Continue** button becomes active, click it to proceed.

6 Enter Your Google Password

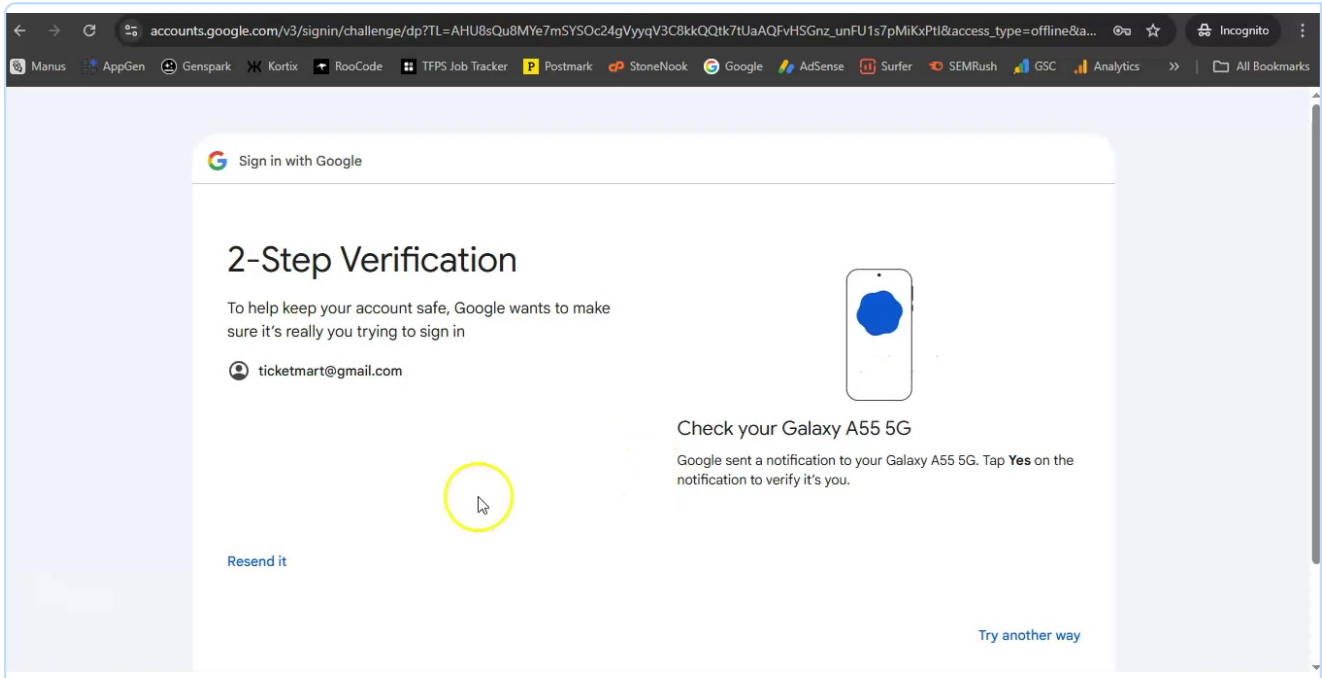

Google's own sign-in page opens. Your Gmail address is pre-filled. Type your **Google account password** into the password field and click the blue **Next** button. Your password is masked for security. You may tick **Show password** if you need to verify what you have typed.

7 Complete 2-Step Verification (if prompted)

If your Google account has 2-Step Verification enabled, Google will send a notification to your registered device (e.g. Galaxy A55 5G). Open the notification on your phone and tap **Yes** to confirm it is you. You can also click **Try another way** to use a backup method such as an SMS code or authenticator app.

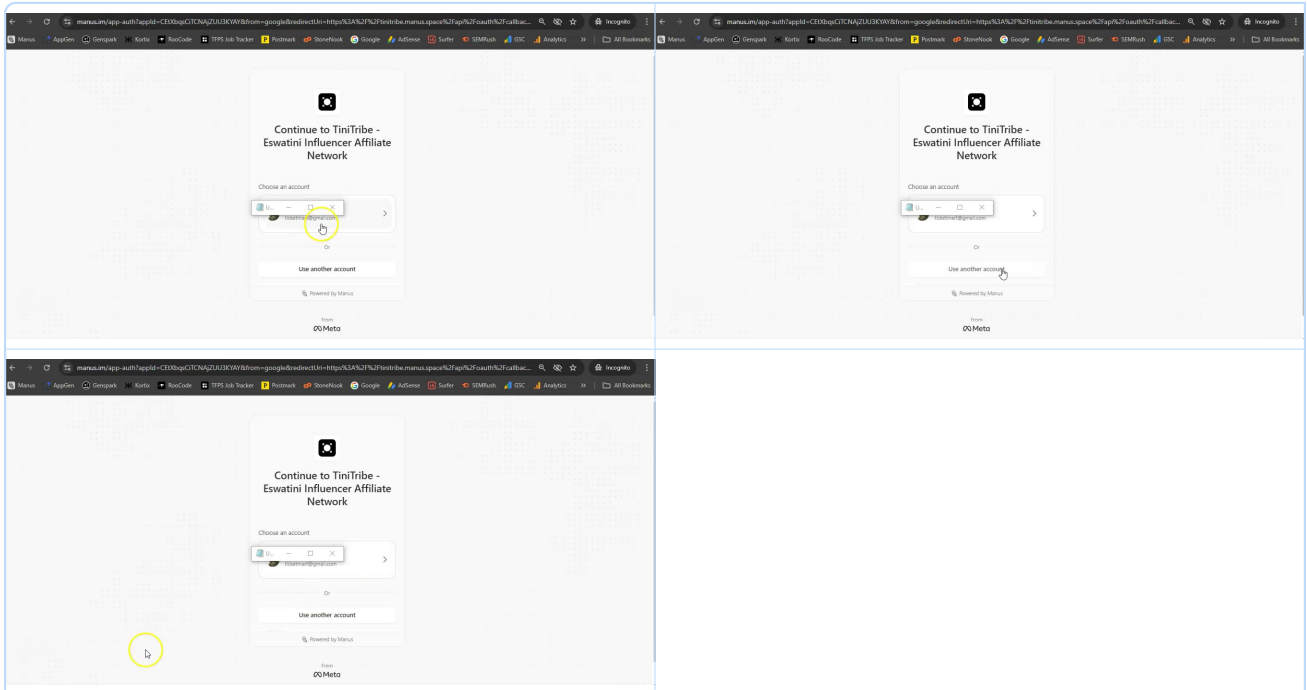

■ *Tip: If you don't receive the notification, tap 'Resend it' on the browser page.*

8

Choose Your Google Account

After verification, a **'Continue to TiniTribe'** screen appears, listing the Google accounts available in your browser. Click your account email (e.g. *ticketmart@gmail.com*) to select it. If the account you need is not listed, click **Use another account** and sign in with a different Gmail address.

9

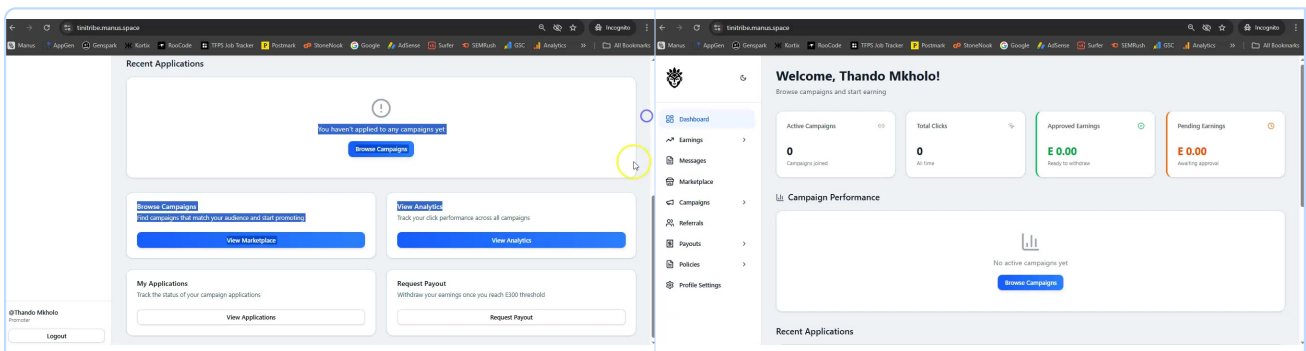

You're Logged In — Your Dashboard

Congratulations! You are now logged in to TiniTribе. Your **Promoter Dashboard** opens automatically, showing:

- **Active Campaigns** — campaigns you have joined
- **Total Clicks** — your all-time click count
- **Approved Earnings** — ready-to-withdraw balance
- **Pending Earnings** — awaiting approval

The left-hand sidebar gives you quick access to Dashboard, Earnings, Messages, Marketplace, Campaigns, Referrals, Payouts, Policies, and Profile Settings. Click **Browse Campaigns** to start exploring and applying to campaigns.

■ *Tip: To log out, scroll to the bottom of the left sidebar and click the Logout button.*

You're all set!

You have successfully logged in to TiniTribe. From your dashboard you can browse available campaigns in the Marketplace, track your earnings, view analytics, and manage your profile. If you ever have trouble logging in, click the **Need Help?** link on the login page or contact TiniTribe support via the website.
