

# TiniTribe

## TiniTribe

### Promoter Dashboard — Full Overview

A complete guide to every section of your Promoter account

This guide walks you through every section of the **TiniTribe Promoter Dashboard** — from the stats on your home screen to the Marketplace, Campaigns, Earnings, Analytics, Payouts, Policies, and Profile Settings. Use it as a reference whenever you need to find a specific feature or understand what a section does.

#### **Before you start**

You must already be logged in to your approved TiniTribe Promoter account. See the *How to Login* tutorial if you need help accessing your account.

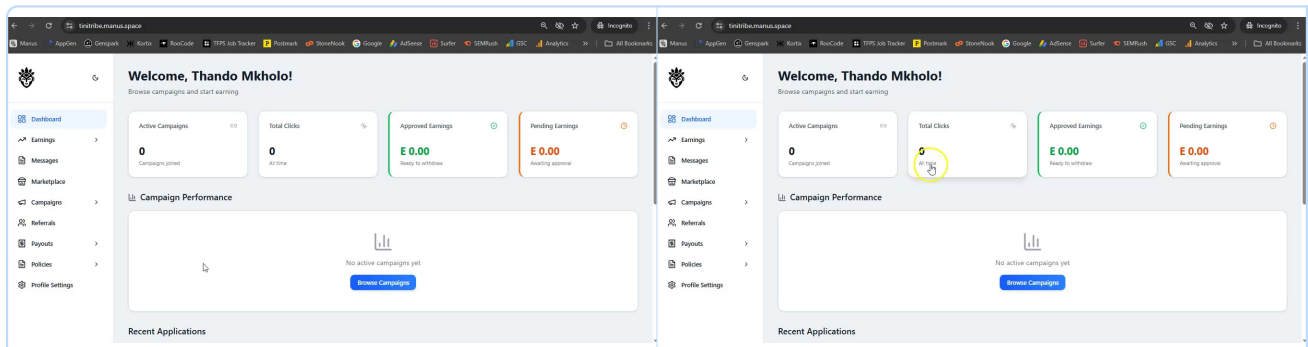

# 1 The Promoter Dashboard — Home Screen

When you log in, you land on your personal **Promoter Dashboard** at [tinitribe.manus.space](https://tinitribe.manus.space). The header greets you by name with the sub-heading *'Browse campaigns and start earning'*. Across the top of the content area are four summary cards:

- **Active Campaigns** — number of campaigns you have currently joined
- **Total Clicks** — your all-time click count across all campaigns
- **Approved Earnings** (green) — balance ready to withdraw
- **Pending Earnings** (orange) — earnings awaiting admin approval

Below these cards is a **Campaign Performance** chart. When you have active campaigns, this will display your click history. If you are new, it shows a *'No active campaigns yet'* placeholder with a **Browse Campaigns** button.

■ *Tip: The four stat cards update in real time as clicks and conversions are recorded.*

## 2

## Dashboard — Recent Applications & Quick Actions

Scrolling down the Dashboard reveals two more sections:

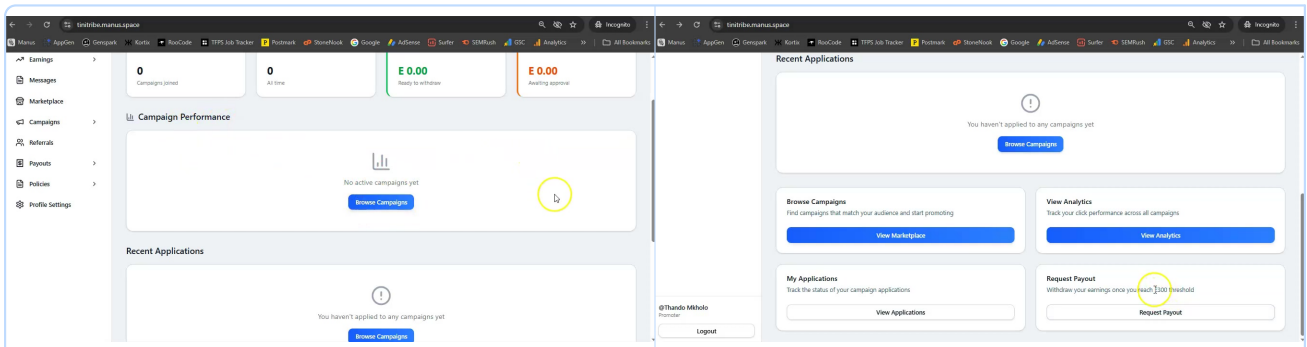

**Recent Applications** — lists the campaigns you have recently applied to, along with their approval status. If you haven't applied to any campaigns yet, this area shows an empty-state prompt with a **Browse Campaigns** button.

**Quick Action cards** give you one-click access to four key areas:

- **Browse Campaigns** → View Marketplace
- **View Analytics** → View Analytics
- **My Applications** → View Applications
- **Request Payout** → Request Payout (available once you reach E300)

Your username (*@Thando Mkholo*) and role (*Promoter*) are displayed at the bottom of the left sidebar, along with a **Logout** button.

■ *Tip: Use the Quick Action cards as shortcuts — they link directly to the most-used sections.*

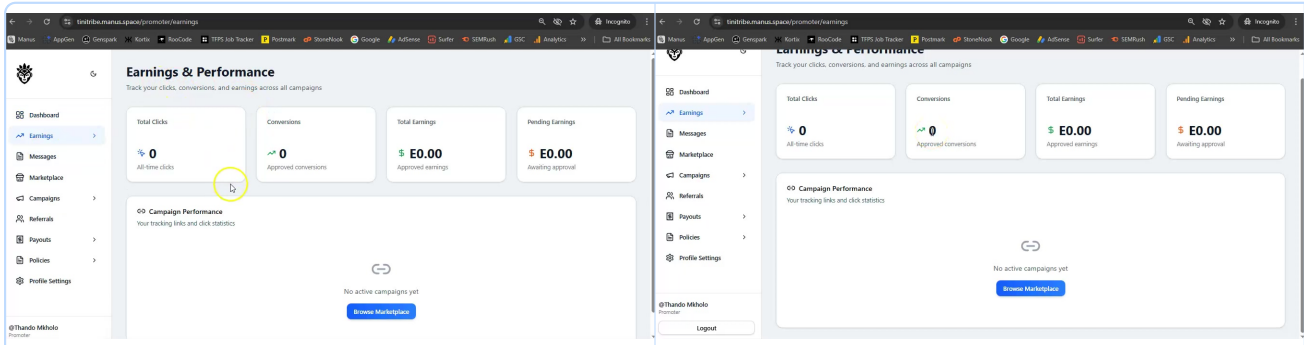

### 3 Earnings & Performance Page

Click **Earnings** in the left sidebar to open the **Earnings & Performance** page (*/promoter/earnings*). The subtitle reads: *'Track your clicks, conversions, and earnings across all campaigns.'* Four metric cards are displayed:

- **Total Clicks** — all-time click count
- **Conversions** — approved conversions resulting from your clicks
- **Total Earnings (E0.00)** — cumulative approved earnings
- **Pending Earnings (E0.00)** — awaiting approval

Below is the **Campaign Performance** section, subtitled *'Your tracking links and click statistics'*. Once you have active campaigns, individual campaign rows will appear here showing per-campaign click data and your unique tracking link.

■ *Tip: Your tracking link is unique to you — share it on your social channels to earn commission on every click that converts.*

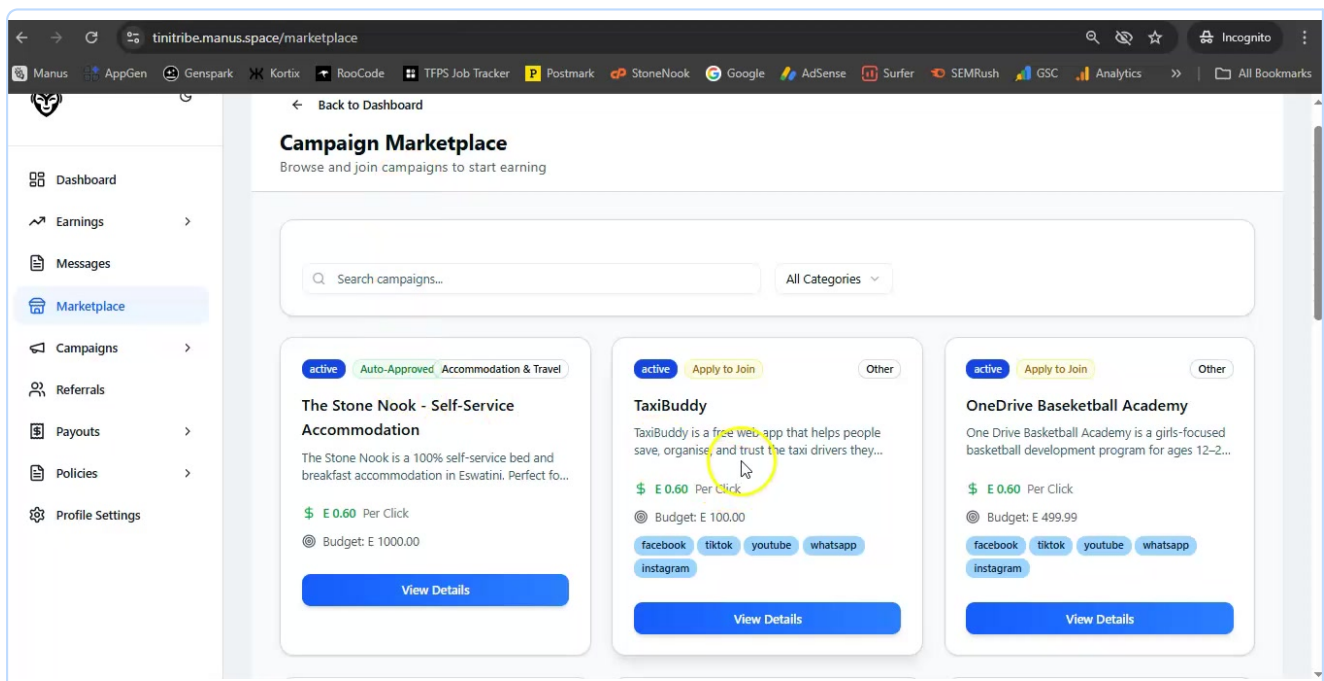

## 4 Campaign Marketplace

Click **Marketplace** in the sidebar to open the **Campaign Marketplace** (/marketplace). This is where all available campaigns are listed. Each campaign card displays:

- A status badge — **active** (blue)
- An approval type — **Auto-Approved** or **Apply to Join**
- A category tag (e.g. Accommodation & Travel, Other)
- Campaign name and short description
- Commission rate — e.g. **E 0.60 Per Click**
- Budget — e.g. **E 1000.00**
- Allowed platforms — facebook, tiktok, youtube, whatsapp, instagram
- A **View Details** button

Use the **Search campaigns...** bar and the **All Categories** dropdown to filter campaigns by keyword or niche.

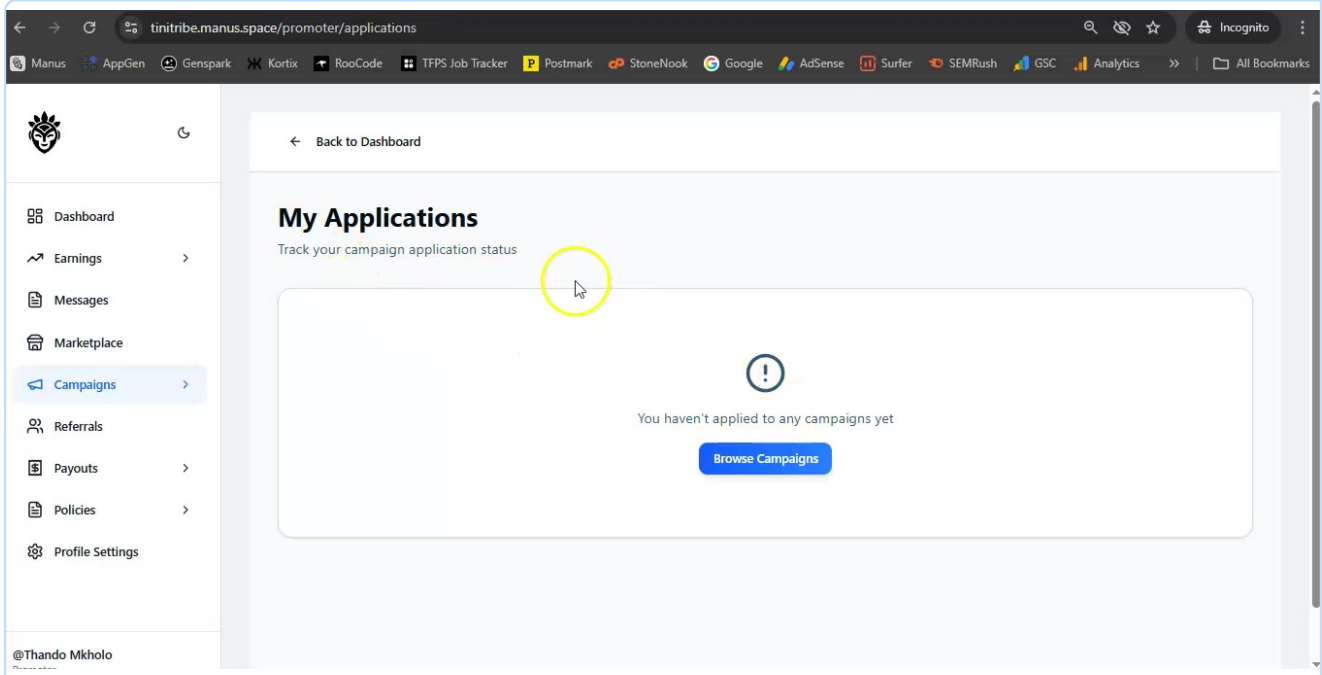

■ *Tip: Auto-Approved campaigns give you instant access to a tracking link — no waiting for advertiser approval.*

## 5 Campaigns — My Applications

Click **Campaigns** in the sidebar to expand its sub-menu, then click **Applications** to open the **My Applications** page (*/promoter/applications*). This page lists every campaign you have applied to and the current status of each application (e.g. Pending, Approved, Rejected). When you are new and have not yet applied to any campaigns, the page shows: *'You haven't applied to any campaigns yet'* with a **Browse Campaigns** button.

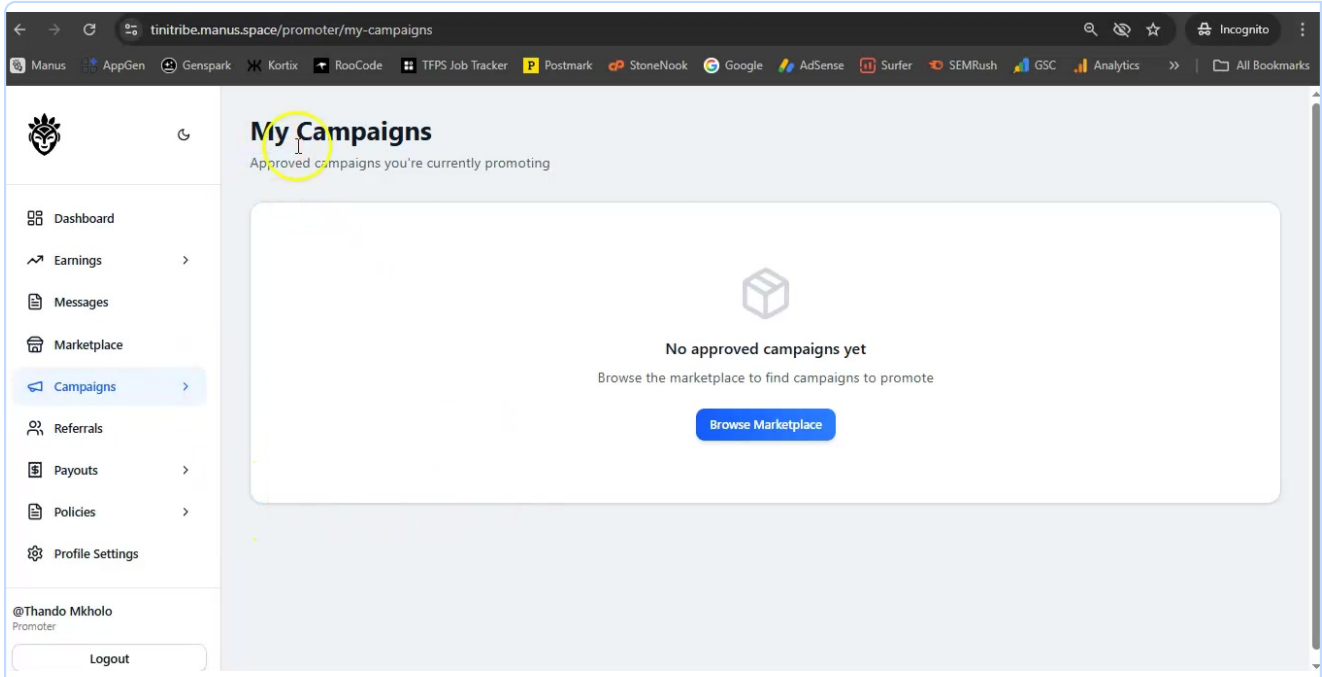

■ *Tip: Check this page regularly to see if an advertiser has approved or declined your application.*

## 6

## Campaigns — My Campaigns

Still under the **Campaigns** sub-menu, click **My Campaigns** to open `/promoter/my-campaigns`. This page shows only campaigns that have been **approved** and that you are actively promoting. The subtitle reads *'Approved campaigns you're currently promoting'*. Each entry here will contain your unique tracking link. If no campaigns have been approved yet, the page displays: *'No approved campaigns yet'* with a **Browse Marketplace** button.

## 7

## Analytics Page

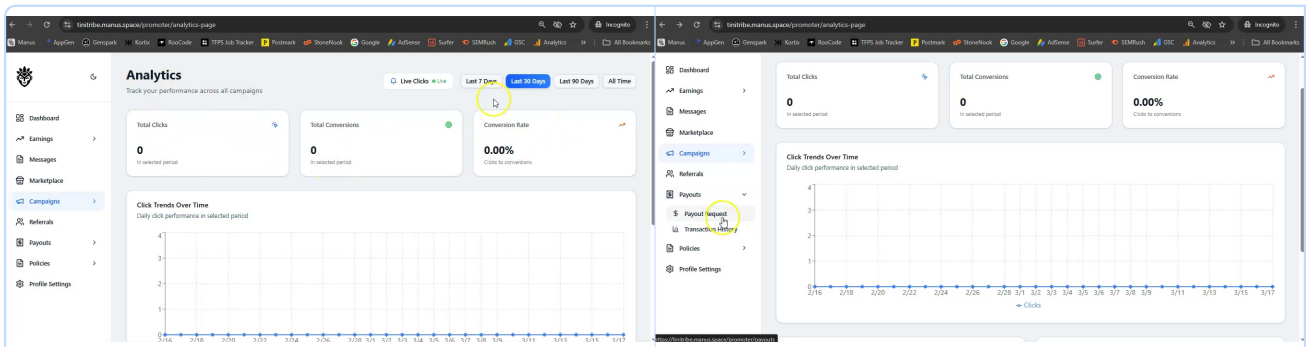

Click **Campaigns** → **Analytics** (or navigate directly to `/promoter/analytics-page`) to open the full **Analytics** dashboard. Four time-filter buttons let you view data for **Last 7 Days**, **Last 30 Days**, **Last 90 Days**, or **All Time**. There is also a **Live Clicks** indicator that shows real-time activity.

Three summary cards are shown:

- **Total Clicks** — clicks in the selected period
- **Total Conversions** — conversions in the selected period
- **Conversion Rate** — percentage of clicks that converted

Below these cards is a **Click Trends Over Time** line chart plotting daily click performance across the selected date range.

■ *Tip: Switch between time periods to spot trends — use 'Last 30 Days' for a monthly overview of your performance.*

## 8

# Payouts — Request Payout & Transaction History

Click **Payouts** in the sidebar to expand its sub-menu, which contains **Payout Request** and **Transaction History**. The **Payout Request** page (`/promoter/payouts`) has two panels:

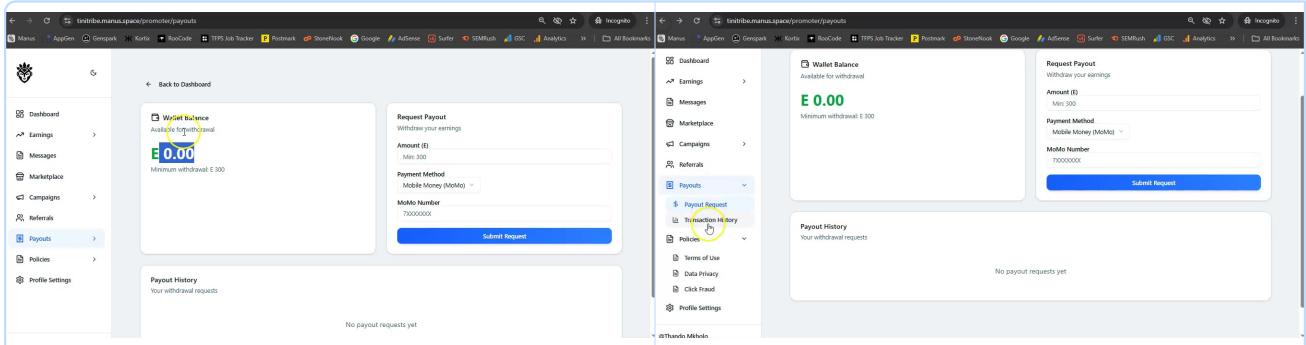

**Wallet Balance** (left) — shows your current balance available for withdrawal with the note: *'Minimum withdrawal: E 300'*.

**Request Payout** (right) — a form with three fields:

- **Amount (E)** — minimum E300
- **Payment Method** — Mobile Money (MoMo) via dropdown
- **MoMo Number** — your Eswatini Mobile Money number (7XXXXXXX format)

Once filled in, click the blue **Submit Request** button. All past requests appear in the **Payout History** table below.

■ *Tip: You must reach a balance of at least E300 before you can submit a payout request.*

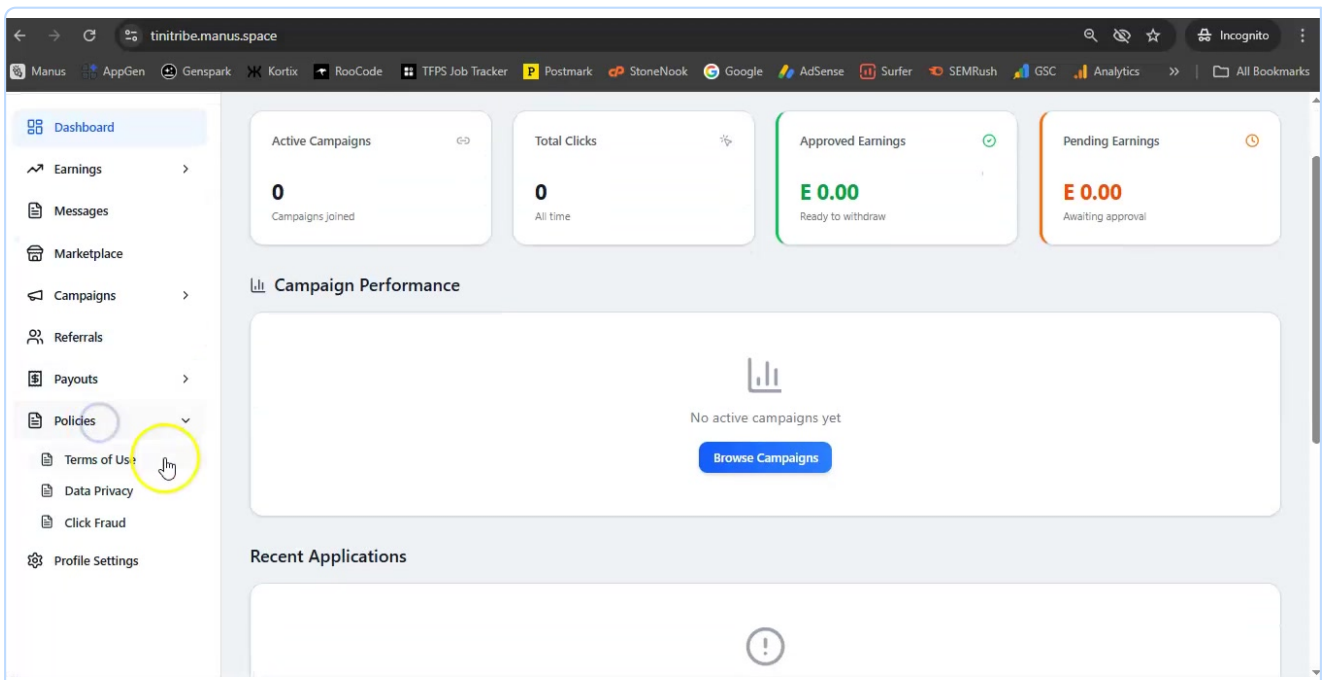

Click **Policies** in the sidebar to expand its sub-menu, which contains three documents:

- **Terms of Use** — the platform's general terms and conditions
- **Data Privacy** — how TiniTribe handles your personal data
- **Click Fraud** — the rules around legitimate click generation and what constitutes fraudulent activity

It is recommended that all new promoters read these three documents before starting to promote campaigns. Violations of the Click Fraud policy can result in account suspension.

■ *Tip: Familiarise yourself with the Click Fraud policy — only share your tracking link with genuine potential customers.*

## 10 Profile Settings

Click **Profile Settings** at the bottom of the sidebar to open `/profile`. This page has three sections:

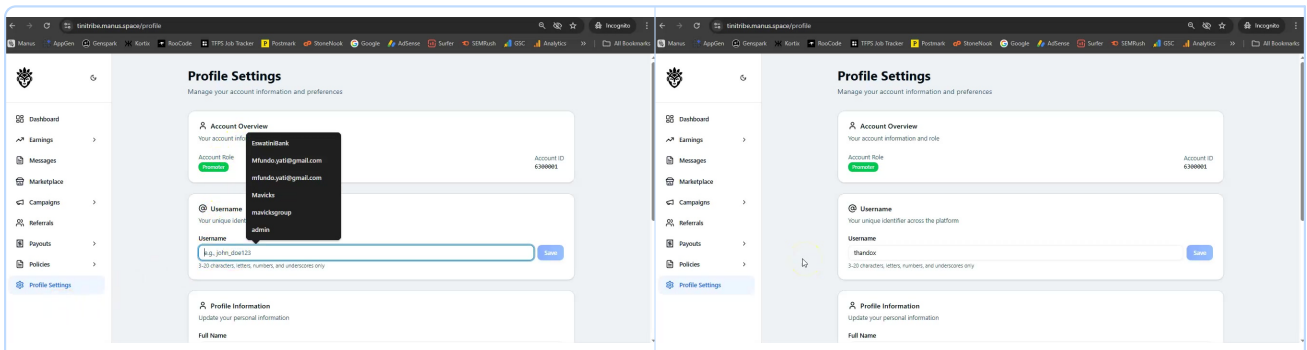

**Account Overview** — displays your **Account Role** (green *Promoter* badge) and your unique **Account ID** (e.g. 6300001).

**Username** — set or update your public username (3–20 characters, letters, numbers, and underscores only). Click **Save** to confirm changes.

**Profile Information** — update your **Full Name** and **Email Address**. The email is used for account notifications and login. Click **Save Changes** to confirm.

A **Security** section is also available below for managing account security settings.

■ *Tip: Set a memorable username early — it becomes your public @handle on the platform.*

## Sidebar Navigation — Quick Reference

Sidebar Item	Sub-items	What it does
Dashboard	—	Home screen with stats, performance chart & quick actions
Earnings	—	Clicks, conversions, total & pending earnings + campaign links
Messages	—	Inbox for messages from advertisers and TiniTribe
Marketplace	—	Browse all available campaigns; search & filter by category
Campaigns	Applications / My Campaigns / Analytics	Track applications, view approved campaigns, analyse performance
Referrals	—	Refer other promoters and earn referral bonuses
Payouts	Payout Request / Transaction History	Request withdrawals via MoMo; view payout history
Policies	Terms of Use / Data Privacy / Click Fraud	Read platform rules and policies
Profile Settings	—	Update username, name, email, and security settings

### You're ready to start earning!

You now know every section of your TiniTribe Promoter Dashboard. Head to the **Marketplace** to browse available campaigns, apply to the ones that match your audience, and start sharing your unique tracking links to earn **60% commission per conversion**. Track your progress in **Analytics** and withdraw your earnings via **Payouts** once you reach E300.
