 TWEET SHARE SHARE EMAIL

A lot has happened since 2018.

For the past few years a big question mark has presided over the city's business community. In its latest installment of Fast 50, Crain's is keeping track of the 50 companies that have not only weathered the storm, but enjoyed explosive growth during a particularly trying time.

The list, which measures growth in revenue from 2018 to 2021, is impressive. On average, the companies on the list grew by 515%—a more than fivefold increase—in that tumultuous period. Across the listed companies, the average revenue is \$889 million. The companies are forces in the local economy ([read about one here](#)), employing nearly 7,000 local workers and more than 42,000 across the entities' total presence.
