

# Do TADs Take Money from APS?

*For better student outcomes, this isn't the right question.*

## WHAT ACTUALLY WORKS

*Schools in revitalizing neighborhoods outperform schools in stagnant neighborhoods, despite comparable per-pupil spending.*

*Sources: NRIC Final Report; Georgia Tech Center for Urban Research*

## WHAT APS'S OWN DATA SHOWS

**2x**

**APS spending since 2010**  
\$601M to \$1.3B

**21%**

**Grade 3-5 ELA proficiency**  
for economically  
disadvantaged students

*Over 16 years, APS spending more than doubled. Grade 3-5 ELA proficiency for economically disadvantaged students remains at 21%. Spending alone does not work.*

*Sources: APS FY2026 Budget; Georgia Milestones / GADOE*

**Extend the TADs. Fix the root cause.**
