YOUR NEXT ESCAPE.

Momentix is an Amsterdam-based DJ and producer curating melodies as secret codes. His mission is simple: make the dance scene danceable again. No more phones. No more living through a screen.

Blurring the line between Peak Time Trance, EDM Mainstage, and Progressive House, Momentix builds sets built for festival stages and club floors alike — high-energy, cinematic, and impossible to ignore.

Credits at Amsterdam Dance Event 2024 & 2025 (Official Artist) mark the beginning of a global journey.

"Momentix is (probably) better than your therapist. He makes you laugh, cry, think, dance, release — all in one session."
